### From the Principal

Welcome to Term 4 at Montville State School,

We had a busy end to term 3 and I would like to say a huge thank you to the students, staff, P&C , parents and Montville community for making our 125 Year celebration a fantastic day. We raised over \$5000, enjoyed a great concert and the students had lots of fun with the MotV8 Sports morning.

This term is a busy and important one. On November 11 and 12 we will be having our school review which will inform our strategic direction for the following 4 years.

Next Friday we will hold an Open Morning for any parent that is interested in their child attending Montville SS in 2022 and aren't familiar with the school. There will be a school tour and a chance to see the Prep class in action.

On **Friday, October 29** we will be recognising the Day For Daniel. Everyone is encouraged to wear red and we will hold a walk through the village. We will meet at The Clock Shop at 8:25AM then walk together to school.

We will be having our swimming lessons at Nambour Pool . There will be 4 lessons on Monday and Wednesday in weeks 6 and 7. There will be no cost for this. We have received a sporting schools grant to subsidise the cost of this and the school will pay the remainder.

You would have noticed that the new digital sign has been installed. This will form an integral part of our communication strategy and will also be available for community groups to utilise as well when needed. This was funded by a grant organised by the PO&C and is a great addition to our school.

Thank you all once again for your support.

Regards,

Adam

### Partnerships With Parents

- ☒ parents are encouraged to take a genuine and close interest in the work of the school, are acknowledged as the first teachers of their children, and engage as partners in their children's learning and wellbeing.
- ☒ communication with parents provides information about where students are up to in their learning, what progress they have made over time and what they might do to support their children's further learning.
